

## Ojai Door Lever

CODE	PROJECTION	LENGTH
LH.007	69 mm [2.72 in]	159 mm [6.25 in]

The Ojai door lever blends the functionalism of the early 20th century but with a classical elegance.

The handle tapers outwards, ending in a slight dome with a clean edge. We designed this piece for the slightly more transitional interior spaces but can be used in many different spaces as seen fit. Made from the finest grade of solid brass, all pieces are then carefully hand finished in all the standard Björn Collection finishes.
