

## Loma Door Pull

CODE	Projection	Height
DP.003	65 mm [2.56 in]	430 mm [16.93 in]

Despite the apparent simplicity, the Loma collection is complex in form. The flat surface of the handle transitions into the cylindrical section of the shank of the handle. The result is a minimalist door pull with a very elegant profile. Made from the finest grade of solid brass, all pieces are then carefully hand finished in all the standard Bjorn Collection finishes.
